

Job Description

Copperhead Industries provides end-to-end solutions for precise location of underground utilities. Innovation, high quality and superior service make Copperhead the supplier of choice among utilities, municipalities and engineers specifying tracer wire systems in the natural gas/oil, water/sewer, and telecommunications markets. Copperhead Industries is an equal opportunity employer offering a comprehensive benefit package including health, dental and life insurance, 401K, profit sharing, and tuition reimbursement.

Job Title: Machine Operator / Extrusion

Reports To: Operations Manager

Job Overview: This position is focused on operating automated packaging equipment and on wire and cable extrusion. This is a critical support role with opportunity for growth in the future including training to become a wire and cable extrusion operator. A successful candidate will have a high operational/mechanical aptitude with the desire and flexibility to handle multiple priorities and recognize and implement process improvement opportunities as needed.

Responsibilities and Duties:

- Set up, monitor, and operate automated packaging equipment
- Measure and perform quality control checks of finished products
- Identify and troubleshoot process improvements
- Assist Extrusion Operator
- Prepare extrusion parts and tools for production
- Assist with start-up and shut-down of extrusion machine
- Deliver/transport materials for extrusion operation
- Label and package finished products
- Track operational data, quality measures, and line issues

Qualifications:

- Previous production/manufacturing experience preferred
- Process engineering and mechanical aptitude
- Flexibility and ability to adapt well to change
- Dependability/punctuality
- High school/GED diploma minimum
- Valid driver's license
- Ability to work well with others in a team environment

Physical Job Requirements:

- Ability to perform production/warehouse functions such as heavy lifting, loading pallets, wrapping pallets, working from a ladder, changing master wire reels, organizing/rotating inventory, and other similar assigned tasks
- Standing and operating extrusion line for extended periods of time
- Must be able to lift a minimum of 70 lbs. without assistance
- Must be able to operate a forklift; training provided

To apply, please complete and send application or resume to jobs@copperheadwire.com or mail to Copperhead Industries, ATTN: HR, P.O. Box 1081, Monticello, MN 55362. An application can be found on our website, copperheadwire.com/about/careers/.
